Good morning, Jason

Wow .... what an excellent experience !!

Yeah, the Peerless took a snuva on the driving tour ... but you got us back home anyway.  
Yeah, it rained on Saturday ...

And on Sunday there were so many world-class automobiles there it was just wonderful.  
And then, lightning struck; The straw-hats recognized the Peerless yet again. I had no shadow of an expectation, and it's another feather in your hat that the Peerless has received such honors.

I know the restoration of the Peerless has been a tremendous labor (of love, I hope), and I know you are well aware of what you and your crew of craftsmen have accomplished.  
By now, the Classic Car World knows too. Please be sure to thank all the guys from me until I get over there to do it in person.

Thanks again - it was really great !!

See you soon,  
Best,  
Dan
