Dear Kim & Jason:

It was an *OUTSTANDING* meeting!

Thank you for being such gracious hosts. Not only was the food delicious (and plentiful), but the enthusiasm and knowledge that Jason shared truly made it our most successful and interesting visitation. We all came away with an appreciation of the talent and specialization required for the restoration process.

We will be reporting the event in our next newsletter, and hope we can give justice to the full scope of your remarkable artistry. We appreciate you!

Sincerely,

TED PAPPAS
