Subject: RE: Car Curriculum"

Jason,

Truly an honor to work with you. I'm impressed with your work, professionalism, and philanthropic heart. I really enjoyed touring your facility and the environment exudes professionalism. Most importantly I saw your potential to really change these students lives. The inspiration this will bring is unbelievable.

This is going to be a special experience for these students and for some the first thing they will ever complete in their lives. I'm looking forward to working with you.

Blue Skies,

Barrington
