Subject: THANK YOU & THE CREATIVE WORKSHOP TEAM FOR A MOST INFORMATIVE SATURDAY MORNING!

Sent: Mon 10/8/2012 4:31 PM

Jason,

Good Afternoon!

I greatly appreciate you and your team opening up on Saturday to share with us a lot of automotive "tribal" knowledge.

It was great to talk with your experts and I enjoyed hearing about your Brooklyn roots.

I have always been a Brooklyn Dodgers Fan. Pee Wee Reece was a Louisville Icon and a true Kentucky Gentleman. I still can not cheer for the Yankees . . . No Way!

I was serious when I told you I do not know much about restoration or engines.

However, I am trying to come up on the learning curve with my 1973 TR6 Retirement Project.

Your people especially Jim Stevens and Mark, your shop manager where extremely courteous and professional in answering my novice questions.

I apologize if I buton hooked Jim. I guess when I heard he was a Boilermaker, it was a nature bond like being a native of Brooklyn.

Please convey my heartfelt thanks to all that gave up their Saturday for the Gold Coast British Sports Car Club.

Sincerely,

Kev
