Subject: Re: Enthusiast wants to visit

Hello,

I want to thank you for taking valuable time to receive us, it was a really nice gesture that we appreciate. Thanks for having us all around the shop watching those super cool and unique cars, answering and explaining everything.

This had been a great experience, I learned a lot and accomplished desire to watch cars that usually I only get to see at Hemmings, classiccars.com, or RM, Barrett Jackson tv shows.

I want to congratulate you for having a really nice ambient on your shop, reception and working area is like visiting a museum. I like how it looks, organization, and how you can make process very clean, that's really important and definitely tells a lot about your quality. Also I congratulate you for having nice crew, very educated with a good job environment.

If you visit Dominican Republic do not hesitate in letting us know!

I hope one day can bring you a car to restore or tune.
Keep on good work.

Regards,

Ismel Sierra
