Jon thank you for the photos..I appreciate the up date on this car. I have the highest respect for you and all of your crew there at the Creative Workshop. You thank each and everyone of them from me for the outstanding work you all have done with this 66 GTO..I fully understand what you all have been through on this tough project, I do this same work every day as well. It is not a job for everyone you must love each and every car that needs restored..You all should be proud of the hard work it has taken to get this car to this point, and to have done it so perfectly. It is a very rare and special 66 GTO I found in El Paso, I have only seen two others so well optioned in my life. I have restored and been involved with GTO's for 30 years and had owned more than I could count.. So proud to see it finally get its just deserve...A first class restoration!!! I am proud of all of you.... Tom V I enclosed a couple of photos of a 70 Judge I am doing. Enjoy!
